

EARTH-KIND[®]

SUSTAINABLE LANDSCAPES

TEXAS A&M
AGRI LIFE
EXTENSION

APRIL 13, 8:30AM - 12:00PM
COLLIN COLLEGE – FARMERSVILLE CAMPUS
501 S COLLIN PKWY, FARMERSVILLE, TX 75442

Join us for this free Earth-Kind workshop focusing on native plants and pollinators in the landscape! Learn all about the highly successful Earth-Kind system and why using native plants in your landscape is so important. Light breakfast snacks, coffee, and water will be provided.

Earth-Kind[®]
Landscaping

What is Earth-Kind? - 9am

Introduces the Earth-Kind Sustainable Landscaping system and why it is so valuable and successful in North Texas. Learn how you can apply Earth-Kind around your home and help promote pollinators in your environment!

Successful Soils - 10am

Dive into our North Texas soils and learn how to build soils that will support a thriving landscape in our brutal Texas conditions.

Texas Tough Pollinator - 11am Plants

Examples of Texas Tough plants built to survive and thrive in our harsh Texas conditions. Build a resilient landscape that attracts a variety of pollinators!

Individuals with disabilities who require an auxiliary aid, service, or accommodation in order to participate are encouraged to contact our office at 972.548.4233 at least one week in advance for assistance.

To register please visit <https://www.eventbrite.com/e/earth-kind-workshop-sustainable-landscapes-tickets-817361459127?aff=oddtcreator> or contact the Collin County AgriLife Extension Office at 972.548.4233.
